

Continual Professional Development Webinar 2021

Dr. Antonella Tosti

World Renowned Physician, Dermatologist and Scientist.
DS Laboratories Ambassador

Dr. Antonella Tosti is a physician and scientist with major contributions in the field of dermatology. She is the author of Dermoscopy of Hair and Scalp Disorders, the first trichoscopy atlas ever published. She conducts research related to various aspects of hair diseases. A new hair disorder described by Antonella Tosti is often referred to as "Tosti alopecia". Antonella Tosti has published over 650 scientific publications, 6 books on hair loss, and completed 4 decades of research in hair health. She is a founding member and past president of The European Hair Research Society and current member of the board of directors of the North American Research Society. Dr. Tosti is recognised globally as a leading authority and expert in hair disorders, and her research, insights and clinical advances on hair disorders over 4 decades have led to industry- changing evolutions.
